STIR N' SWIRL

An end of vintage
winemaking
celebration in
Margaret River.

“With wine and hope, anything is possible.” - Spanish proverb

Vintage is complete. No more pre-dawn and late night grape picking sessions. No more worry about rain, hail, storms, heat, sunburn or drought. Winemakers' shoulders drop, a sigh of relief is had and it's one of the most anticipated times of the year in the winemaking calendar.

The grapes have been picked and the harvest is done for another year. Now all the action continues in the winery and it's time to celebrate the end of vintage.

Due to the intimate nature of this experience, places are limited and strictly first come, first served.

PM

Arrive at your little slice of paradise that you'll be calling home for the next four nights. Tanah Merah is one of Margaret River's best kept secrets and the luxury chalets often get booked out well in advance by return guests who have discovered the tranquil luxury retreat just minutes from the centre of town.

Relax and unpack before an evening celebration and decadent dinner. You may choose to enjoy a self guided walk of the property - there are over 7km of trails to explore. Or perhaps a hit of tennis on the property's tennis courts and a round of golf on the private 9 hole course. DAY 2 AM

Enjoy a breakfast of local produce in the comfort of your chalet before we head down to the southern sub-region of Karridale to get our hands dirty in the winery at Glenarty Road. Join fifth generation farmer Ben and his winemaker-wife Sasha as they share their farming and winemaking philosophies with you while you see the work in action and get amongst the action.

With a private tour of the farm you'll gain an understanding of the vineyard and the practices that Ben employs to grow the healthiest grapes possible, along with the farming of his crops and animals. Every element of the farm has a part to play in the creation of the wines from Glenarty, and as with many of the great European food and wine pairings it is very often the produce of the region that is a perfect match for the wines from that area. With this in mind, what better way to prepare for lunch than with a cheese making session? Glenarty draws foodies from afar for its house-made Burrata, and this is your chance to learn the secrets.

By now, tummies will start to rumble so it's off for a tasting of the Glenarty Road Wildlings wine portfolio with Sasha, before a paddock to plate feast from their award winning restaurant where you'll be able to see how the farm produce works perfectly to complement the wines made here from the same land. the WA top 50 restaurants

DAY 2 CONT'D

Fueled up from feasting, the afternoon sees us heading into the winery shed with winemaker Sasha to get your hands dirty making the 2022 vintage of Glenarty's small batch syrah.

Put theory into practice as you learn about the different approaches and techniques used to produce a hand made and minimal interventional red wine. You'll taste many other wines of the current vintage in progress from the barrel.

Enjoy canapes as the sun slowly sets over the lake, and you settle in for a relaxed two course autumnal feast by chef Mel. Wines have been carefully selected, and this evening Cassandra will take you on a tour of some of her favourite cooler weather wines of Margaret River.

Stargazing and sipping wine is what tonight is all about.
